A. J. NOVAK PRINTING CO., RUTLAND, VT.

Report of Road Commissioner

On road No. 1 I spiked, shaped and rolled where needed, and spread Tarvia on 2.8 miles at a cost of \$1857.54. State paid \$750.00.

On road No. 5 road and shoulders shaped, ditches cleaned and Tarvia spread on 2 miles, two coats at a cost of \$2,596.79. State paid \$750.00; Vt. Marble Co. paid \$1,000.00. Also donated gravel for cover on both jobs.

Road No. 6 there were 550 ft. widened, graded and graveled at a cost of 662.33. State paid \$313.38.

Road No. 4 there were 700 ft. stone base laid, widened and graded and 900 ft. graveled at a cost of \$1,680.42, the State paying \$1,000.00.

The unselected fund of \$549.24 was divided.

Post road, 400 feet, cost \$185.50.

Cold River, 828 feet, cost \$477.10.

I have laid 3 new culverts and repaired 2.

The November flood up to Feb. 1 has cost \$5216.60.

I have drawn orders to the amount of \$17,286.07, as follows:

Respectfully submitted,

FRED S. HAWLEY,

Road Commissioner.

To the Board of School Directors and Citizens of the Town of Rutland

I submit herewith a report of the School Department of the Town of Rutland.

A report of this nature must confine itself to only a few subjects relating to school routine. I have tried to select some topics that may be of interest to the average citizen.

At present we have 228 pupils in our schools, distributed as follows:

Center Rutland 126, Cheney Hill 24, Dyer 20, Haiti 13, Mill Village 30, Post 15. This number is an increase of 10 over the number of pupils we had enrolled last June.

We have 14 pupils in elementary schools outside of our town, for whom we pay tuition. We have 5 at East Pittsford, 1 in Rutland and 8 in Mendon.

In secondary schools we have 57 pupils. They are distributed as follows: Rutland High School 43, Mt. St. Joseph's Academy 8, West Rutland High School 3, Pittsford High School 1, Vermont Academy 1 and St. Ann's Academy 1. This is an increase of 3 over the number in attendance at the closing of school last year.

Our number of tuition students is increasing each year. A great number of pupils see the advantage of an education beyond the grades, and are availing themselves of the opportunities of securing it.

Because of our number of rural schools the number of conditioned pupils is high. If a pupil fails in one subject, he is often able to go on with the next grade in the rest of his work. By working in two grades he repeats only the necessary work. His interest is kept up and problems in discipline are often avoided.

We are still continuing our plans for bettering attendance. Our percents compare quite favorably with those of other towns.

In most cases we find that habitual absence is due to lack of co-operation of the home with the school. Children are allowed to stay at home on flimsy excuses, such as doing work, that could be done after school, running errands and going shopping. The habit of absence once formed is hard to break.

These cases of absence are especially difficult to deal with in the rural schools, where classes often consist of but two or three pupils. The teacher must either keep back those whose attendance is regular, or allow them to go on, and let the habitual truant repeat his grade.

It is a difficult problem for the rural teacher to solve. We are fortunate in having few of these cases. If parents could get the school's view point in the matter I am sure that the few cases of unnecessary absence would decrease.

<i>Center School</i>	<i>No. of pupils</i>	<i>Enrolled during year</i>	<i>% of Attend. to Membership</i>

Last year we asked the voters for permission to have medical inspection in our schools. This fall we had the services of a nurse for three days at a cost of \$30.00.

It is yet early to tell whether this work has produced the good results it should. Reports were made out and sent home by the nurse. Follow up work can be done to some extent by the teachers, but the parents must give some help.

In serious cases the nurse advises taking children to a physician or dentist. A number of parents have had defects attended to. Parents can give help by seeing that children get the right amount of sleep, rest and proper food. In most cases of underweight children, we found the cause to lie in too little sleep, rather than inadequate or improper food.

I believe this work is of great value to a small town, where a regular nurse cannot be maintained. I hope that with the help of the Parent-Teacher Association we can work out some plans for more efficient follow-up work. School scales, milk at recess for underweight children, and other helps of this nature may be secured in the near future.

I am submitting the health report for our town, sent out by the Vermont Tuberculosis Association. It is under this Association that our inspection is held.

Number of children examined, 217.

Defect: Underweight, 77; Posture, 1; Anemia, 12; Pedicul, 17; Tonsils, 41; Nasal Breathing, 24; Glands, 14; Goitre, 3; Defective eyes, 60; Defective ears, 1; Defective teeth, 83; Unvaccinated, 116; Toxin Anti Toxin, 214.

Number of (x) defects (defects needing attention) 343.

Number of children with (x) defects, 178.

We hope that by the first of May, when our reports go back to Burlington that many of these defects will be remedied.

Two vacancies occurred in rural schools, due to the resignation of Mrs. Vera R. Fish and Miss Mary Davis. These places have been filled by Miss Edith B. Fish at Cheney Hill, and Miss Anne G. Reilly at the Dyer school. Both of these teachers are graduates of the two year course at Castleton.

The rest of the schools have the same teachers. We are, I believe, especially fortunate in being able to retain the same teachers in our schools. They know and understand their pupils and communities. All of the teachers are

putting their best efforts into their work, and are willing to co-operate in any plan or project pertaining to school or community work.

I could not close without thanking our Parent-Teacher Associations for the splendid support and help they are always ready to give the schools. The rural associations have, during the past year, purchased articles of furniture, library books and other equipment that has added greatly to the attractiveness and usefulness of the schools.

The Center Rutland P. T. A. held, last summer, a health clinic for all the pre-school children of the town. This was most helpful to the teachers of these beginners. Many parents had defects attended to before school opened.

All of the associations have provided a number of parties, picnics and treats for the children.

A great educator has defined a school as "A place where children should be happy whether at work or play". These little treats provided by the parents, while small things in themselves, help make children's school life more enjoyable and happy.

In closing I wish to thank the school board, parents and other interested citizens for the help they have given and unflagging interest they have shown in our work.

Respectfully submitted,

MARGARET C. McCORMACK.

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 6, 1928, at 10 o'clock A. M. to act on the following matters, namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners.

2. To choose all necessary officers required by law.

3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.

4. To see what time the several taxes shall be due and payable.

5. To see what compensation the Town will vote for Town Officers.

6. To see if the Town will appropriate a sum of money to secure the use of the Rutland Free Library to the inhabitants of the Town, and if so, how much.

7. To see what provisions the Town will make for the higher education of the scholars of the Town.

8. To see if the Town will vote to raise a sum of money in addition to the amount now required by law to take advantage of Section 4591 Public Statutes, and if so, how much.

9. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.

10. To see if the Town will vote to have medical inspection of the schools of the Town.

11. To see if the Town will vote to appropriate such proportion of \$1,200.00 as the Grand List of the Town bears to the entire Grand List of Rutland County toward paying the expenses and salary of a County Agricultural Inspector. This appropriation is authorized by an act of the Legislature of 1912-13. An affirmative vote under this article will appropriate between \$40 and \$50.

12. To transact any other necessary, legal and proper business.

H. EDW. DYER,

O. S. FROST,

H. W. ROSS,

Selectmen.
